

Practical 1

Aim: Create a HelloWorld program in C#.

#PROGRAM

```
using System;
namespace P1
{
    class P1
    {
        static void Main(string[] args)
        {
            Console.WriteLine("Hello World");
        }
    }
}
```

#OUTPUT

A screenshot of a Windows Command Prompt window. The title bar is red and contains the text "C:\Windows\system32\cmd.exe" along with standard window control buttons (minimize, maximize, close). The command prompt itself has a black background with white text. The first line of output is "Hello World". The second line is "Press any key to continue . . .". A vertical scrollbar is visible on the right side of the command prompt window.

```
C:\Windows\system32\cmd.exe
Hello World
Press any key to continue . . .
```
